leave next week for a visit to the headwaters of the Weber river, and also inspect a series of reservoir sites in Weber canyon. A company has been organized which proposes to construct a series of reservoirs on the Weber river and its tributaries, to supply water to farmers in Weber, Davis and Summit counties. It has been determined that the proposed reservoirs would hold more water than would be required for the lands lying beneath them. Also, it is found that the cost of the proposed reservoirs would be greater than the beneficiaries can assume. A reference to the map of Utah shows that the Weber and Provo rivers parallel each other for a considerable distance from their sources, and, from actual surveys it has been determined that a camal conducting the Weber river water into the Provo river would be a feasible proposition.

Knowing the desire of the Utah county farmiers for more water, the Weber reservoir people have offered to sell the Lehi and amarican Fork people stock in the proposed reservoir companies and allow them to take their water wherever they may choose, which, of course, would be near the head of the river, from which point it would be conveyed through a canal to the Provo canyon it would be conveyed through another canal to the morth end of Utah county. The reservoir site will be investigated by a large delegation of interested land-owners, and, if the cost is not found to be prohibitive aim the proposition is deemed feasible, no doubt it will receive a most generous support from the citizens of this vicinity.

Early in the week an effort was made to burglarion the Lehi Commercial and Savings bank, but the attempt was not known to the bank people for several days. The robbers entered a room rented for church purposes, which adjoins the bank, and tred to make a hole into the vault. After removing a lot of brick and mortar the burglars ran upagainst a lot of railroad iron with which the vault is lined. Whether they became frightened of pot discouraged, they gave by the lots, leaving all their t

brick with gray stone trimmings a cost about \$18,000. Work preparatory ing the foundation commenced today.

MEASLES AT MT. PLEASANT.

Children Have Been Having It Since Schools Closed.

Special to The Tribune. MT. PLEASANT, Utah, May 11.-This city is in the midst of an epidemic of measles. Since the closing of the public schools chil-

Since the closing of the public schools children have been coming down with the disease in all parts of the city. So far no deaths have occurred.

Bert Seely of this city left this week for Japan, where he goes as a missionary of the Mormon church. His father accompanied the young man as far as Sait Lake City.

Last night a large number of friends met at the assembly hall to do honor to President Peter Matson, who leaves on Monday for Scandinavia, where he will preside over that mission. An impromptu programme was carried out, speeches being made by President C.N. Lund and Bishop Rasmussen, a recitation by Miss Borg and songs by the Mt. Pleasant Glee club. Refreshments, consisting of ice cream and cake, were served after the exercises.

Unless for lack of interest on the part of the

cxercises. Unless for lack of interest on the part of the young men here, this place will soon have a company of militia. Some years ago the town had a splendid company, but since its disbandment no interest has been taken in the militia. It seems probable now that we will soon see the organization of a new company, Ex-Sheriff H P. Jensen, who has been suffering from rheumatism for some time, was taken to Sait Lake this week for treatment. Although a stout, able-bodied man, Mr. Jensen has for weeks tain as helpleas as a child. Gilbert Backstrom has gone to Idaho, where he will take the management of E. J. Kearnes's sheep interests in that State.

Walter James of Black Rock is in town this week doing business. He has sold out his entire herd of sheep and in the future will devote himself to other lines of business. Unless for lack of interest on the part of the

A verhire was ordered issued for thirty-five names to serve as jurces for next term of court, beginning June 5.

Julius Wennerchen of Minneapolis is visiting Mrs. Annie Peterson and Albert Cison at Elistore. He will remain here all summer. Miss Alice Whitehead and Royal Barney of Annabells were married Wednesday at Manti temple. Invitations are out for a reception to be held Friday attenaon at 4 o'clock at the residence of the groom's parents, Mr. and Mrs. R. H. Barney.

WILLARD SCHOOLS CLOSE.

Rural Free Delivery Route Is Now Assured.

Special to The Tribune.

WILLARD, May 12.—The public schools of this place closed last evening, after a very successful run of eight months. The pupils gave a fine public entertainment in the operations. The pupils gave a fine public entertainment in the operations. The public entertainment in the operations. The course that have been also been two dances yesterday.

About May 15 the Postoffice department will establish a new rural free delivery routs. The course extends from Brigham to the Hot Springs and will include all of Willard without the city limits. The people have worked hard to get this and are to be compratulated upon their success.

Memorial day will be celebrated at this place. A fine programme has been arranged, with Representative Frank Fishburn as the orator of the day.

The besket-ball girls are now in trim for gemes and hope to defeat all-comers this season. Frospecia for beseball, however, are not so good, as several of the players, including Love, the pitcher, will play with Geriand.

Prof. Mose Johnson of Springville, who has

had a class in elecution, has just left, after putting on a successful play.

STRANGERS COME TO GRIEF.

Three Men Arrested in Logan, Charged With Burglary.

Special to The Tribune. LOGAN, May 13.-Three strangers have just come to grief here. They came over from

Come to grief here. They came over from Cache Junction last night, locating at the old house on Center street once occupied by the Logan Republican, but now used as a rooming-house. From the first their actions were suspicious, but until actual depredations were begun they were left in peace.

About noon today, however, one of them boldly walked into the residence of ex-Mayor Loceano Hanson appropriating a large value that was packed with clothing and other valuables. He got away in safety, locating the booty in his room, but some men working opposite Mr. Hanson's house had witnessed the theft, and when Mr. Hanson missed the articles and made inquiry they informed him of what they had seen. The officers were then put on the track and soon lended their man, and two others with him, all three now being in jail.

It is believed that these are the parties who, early in the week, burgiarized the store at Newton by prying their way through the door carrying off slife worth of merchandise, but excaping detection. Efforts will now be made to involve them in this Newton robbery, if possible, by having merchants at Newton feet is all to be a woman with these burtered.

young men.

There is said to be a woman with these burglars, but she has not as yet been apprehended. She is said to have made away with a bicycle from the residence of Mrs. M. F. Ormsby this afternoon. The officers are or her trait.

SUMMER SCHOOL AT EPHRAIM. Able Instructors Have Been Engaged

by the School Management. pecial to The Tribune. EPHRAIM, May 13 - The Central Utah col ege summer school opens at Ephraim on June

lege summer school opens at Ephraim on June 5. The managers of the achool have engaged an able corps of instructors, consisting of the following well-known educators: Prof. W. A. Wetzel and D. W. Parratt of Sait Lake, Gertrude L. Clayton of Ogden, A. C. Carlson of Eureka, P. D. Jeneen of Sevier county, William O. Barten and A. L. Larson of this city. A number of citizens of this city met with the County Commissioners at their last meeting in regard to destroying a large deposit of grasshoper eggs west of this city. The Commissioners will co-operate with the people in destroying the pest.

Frank C. Kelsey, a civil engineer of Sait Lake, was in town this week conferring with the city fathers in regard to putting in the electric light plant.

pecial to The Tribune. Special to The Tribune.

MOAB, May 18.—Mrs Lena Taylor, wife of
State Sheep Inspector Arthur A. Taylor, died
at her home in Moab today at 3 o'clock a. m.,
of cancer of the stomach, Mrs. Taylor was
born in Box Elder county, Utah, August 15,
1635. Her husband, three daughters and five
sons survive her. Mrs. Taylor will be interred in the Moab cemetery, after funeral
services in the Woodmen half at 10 o'clock a.

Sinday.

DIES ON MILK WAGON.

Aged Indiana Dairyman Meets Death in Harness.

SEYMOUR, Ind., May 13.-Mrs. L. L. Shields, aged 68, fell dying on the milk wagon she has driven for nearly forty years through the streets of Seymour. She went out, as usual, this morning on her milk route, and when the round was nearly finished she was attacked by heart trouble. Her faithful horses, companions of many years of toll started back home when they felt the reins slacken, and their mistress breathed her last after their arrival in

sight of the familiar place. Mrs. Shields came to Seymour in 1852, when the town was founded, and since 1868 has kept a dairy, which is now the largest here. She drove a milk wagon twice a day, summer and winter.

reported to be on the way to this port to undergo repairs and a general overhauling. The name of the vessel is not ship lately left the Asiatic coast, under orders to come to this port to be repaired, and it is likely that she will, upon arrival, be detained here, as was the Russian cruiser Lena, until the end of the war on the Asiatic coast.

The Japanese cruiser is daily expected to arrive. It is presumed that she has been scouting in the Pacific, and hav-ing become short of fuel, was ordered to put in here, both for advices and to receive an overhauling in case repairs

GOD WILL SOLVE IT.

Baptist Convention Is Electrified on Negro Problem.

KANSAS CITY, May 13.-"It is no affair of this convention to solve the so-called negro problem. It is our duty to find out and recognize and discharge it. God will take care of the problem.

The report of Dr. L. O. Dawson of Ala-bama, chairman of a commission ap-pointed at the Nashville convention a year ago to investigate work among the negroes, was delivered before the annual Southern Baptist convention now in ses-sion in this city. The above declaration, in which Dr. Dawson opened his report, caused something of a surprise, and his report as he continued was listened to with unusual interest. fair of this convention to solve the so

TEA

We are a nervous, overstrained people; we want more tea; we want it better.

## PREPARE FOR SUMMER

Assist nature in getting the system ready for the depressing Summer months.

The change of Nature from Winter and Spring to Summer is no greater than the change that takes place in our physical systems at this season, and few can undergo it without some manifestation of disorder. Some have no particular ailment but are just worn out and tired, with their energies so depleted that they are totally unfit for work or physical exertion

of any kind. The appetite is variable, they are peevish, hysterical and often unreasonable, the digestion is imperfect, the stomach deranged and altogether they are mere drags in their every day life. To others the return of Summer means the return of disease, for warm weather is sure to force out the hidden poisons and seeds of disease which have accumulated in the blood during the Winter, and some old chronic trouble makes its appearance. Boils, Eczema, Tetter, Acne, scaly eruptions, rashes, pimples, etc., break out also at this time, and the heated season is made worse by the burning and itching of these skin tortures. five years, and during the time used various medicated scaps, cintments and washes, but these applications

During the winter months we live a shut-in life as much as possible, breathing the impure air of closed rooms and heated offices; we indulge our appetites to the fullest, eating more of the heavier, richer foods and take a great deal less exercise.

As a result the blood grows thick and sluggish, the Liver, Kidneys, Bowels and other avenues of bodily waste become inactive and dull, failing to carry out the poisons which form in the system, and these are absorbed by the blood. Then when warm weather comes the blood is stirred to quicker action and begins to throw off these poisons, and they find lodgment in the system and produce disorders of various kinds.

Urbana, Ohio.

The time to prepare for Summer is before any warning symptoms are felt or the seeds of disease have time to get too deeply rooted in the blood. The blood should be cleansed and every part of the system put in good working order, so we can start the trying summer season fully prepared to withstand the disorders and diseases it brings.

S. S. S., the recognized king of blood purifiers, is the remedy with which to prepare the system for summer. It not only builds up the constitution, but goes down into the blood and searches out all poisons that have accumulated during the Winter, as well as those that may be lurking there from old chronic troubles. It is a tonic and appetizer without an equal,

and in cases of debility, weakness, nervousness and that fagged out, run-down condition it is unexcelled. Every part of the system is toned up and rejuvenated by this great remedy. There is one feature of S. S. S. that is possessed by it alone; it is entirely vegetable, while other blood medicines on the market contain Potash or some other harmful mineral ingredient to derange the stomach and digestion, or otherwise damage the system.

The way to prepare for Summer properly is to get the blood pure and strong with S. S. S., the leader of all blood medicines and the best of tonics. Our book on the blood and any medical advice wished will be sent, without charge, to all who write.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

PRESIDENT NOW STANDS.

Inside Story of "Assassination" of Guatemala's President.

NEW ORLEANS, La., May 13,-United States Minister Leslie Combs of Kentucky has returned from Guatema-Inited Fruit company's ship Sapphire. He tells the real inside story of the reported assassination of President Cambrers. The story, which he says is absolutely true, is amusing and possesses many of the opera bourse features which characterize Central Amercan affairs.

Minister Combs says President Cambrera is in constant and mortal fear of assassination, and both at home and when traveling goes armed with a number of Coit's revolvers. The appearance of the President with the

handles of these revolvers protruding from his hip pockets as he walks about his office is ridiculous.

About two weeks ago, according to the story told by Combs, the President of the republic was preparing to retire. He neglected to remove the revolvers from his pockets before taking off his trousers. One of the Colts dropped from the pocket and exploded. The bullet landed in that portion of the builet landed in that portion of the President's anatomy which is usually used for sitting down. The President for several days refused himself to all callers, and seemed much chagrined at his most unfortunate accident. Since the accident he has received all his callers standing, and will probably continue to do so for some time, as the builet made a deep cut. His injuries bullet made a deep cut. His injuries are not serious, but the Guetamalans are having many a quiet laugh at the predicament of their President.

Mr. Combs said that the republic was | Balkans.

in a most peaceful and prosperous condition, and there was every indica-tion that this peace would be prolonged.

Sustains Eight-Hour Law.
